1. A \$1000 non-refundable deposit is required to reserve an LHHP Concierge Medicine membership. The deposit will be applied to your membership fees when your new membership begins.
2. Services provided during Executive Wellness Examination will be age/gender appropriate and at the discretion of your LHHP provider. Choice of laboratory testing will be determined by your physician in collaboration with you. All laboratory tests will be drawn at outside laboratories. All billing will be handled by the specific laboratory and may or may not be billed directly to your insurance. Some laboratory fees are not included in the annual fee. Some laboratories require advance payment of fees which may need to be provided at the time of your blood draw.
3. Membership package includes set number of complimentary services, which vary depending on the membership level selected (see Membership Benefits table above). After complimentary services allotment is consumed, standard LHHP fees shall apply for any further usage. (See fee schedule above.)
4. After-hours communication with your LHHP provider via text and telephone call is limited to urgent medical matters.
5. Membership package includes access to house call visits when available and deemed appropriate by your physician. House calls limited to 2 per membership term. Same day appointments are for urgent care only and limited to published LHHP office hours. Standard LHHP fees apply to house call visits and same day appointments.
6. Not all services included in the LHHP Concierge Membership are appropriate for all ages and/or all persons. All LHHP services, including those included in Concierge Membership, require approval of an LHHP provider. No substitution of services allowed.
7. Services provided by non-LHHP-employed/owned practitioners/individuals/business entities are offered in cooperation with the named individual/practitioner/business entity and are subject to the pricing, policies and procedures set forth by the named individual/practitioner/business entity.
8. Engagement by LHHP providers/staff with your medical specialists and/or health insurance company does not, in any way, guarantee that your request(s) for medical care/services will be accepted/authorized by the medical specialist(s) and/or health insurance company. LHHP reserves the right to decline to participate in, or pursue, communication/approval/authorization with any entity when it determines said activity to be against the best interests of LHHP staff/providers or members.

CONCIERGE MEMBERSHIP TERMS & CONDITIONS

*(*See Member Agreement for complete terms and conditions)*

9. Since opening, LHP has charged a higher office visit fee for a new Member's first appointment. Traditionally, new Members require more time and attention from all LHP staff. Therefore, new LHP Concierge Members require a New Member Appointment prior to receiving further Concierge Member services, including the Executive Wellness Exam. The New Member Appointment will allow your LHP physician to become familiar with your medical history and wellness needs/goals. The New Member Fee is \$500.
10. LHP Concierge Medicine Membership Fees are non-proratable and non-refundable. When you sign up for an LHP Concierge membership, you are committing to pay for a full 12 months of membership, even if you decide to terminate your membership before the completion of your membership term. LHP severely limits the number of Members we accept during each membership term to ensure a superior quality of care for each Member. When a Member chooses to terminate their membership before the completion of their membership term it has a significant negative financial impact on our medical practice.
